ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA** . Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA** . Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

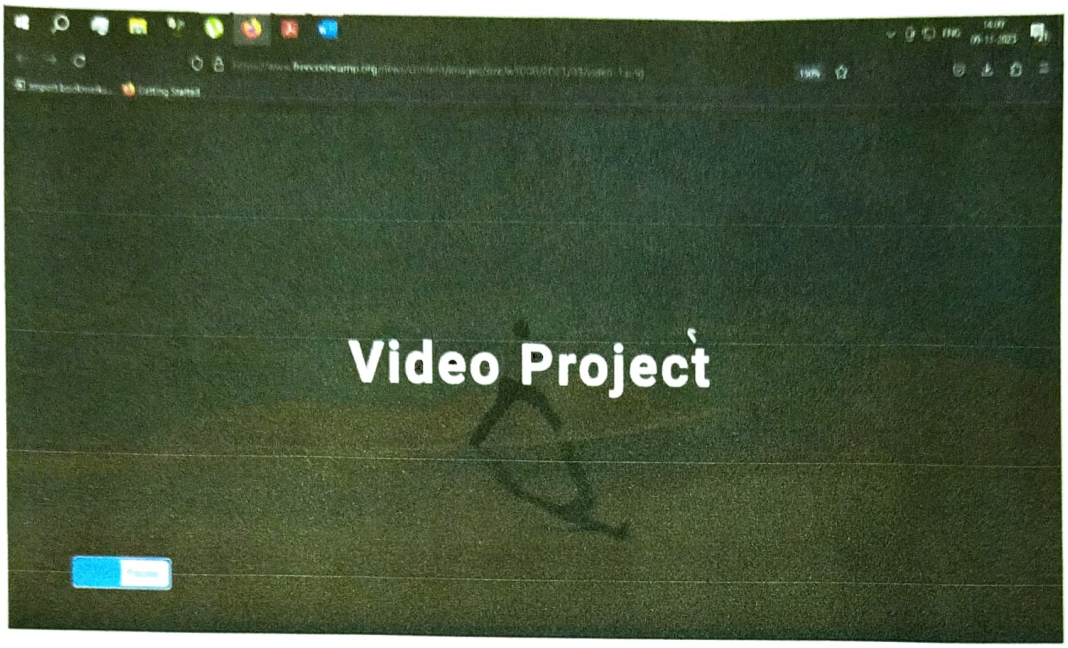
VIDEO BACKGROUND



CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work **GO IMEDIA** . Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA** . Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

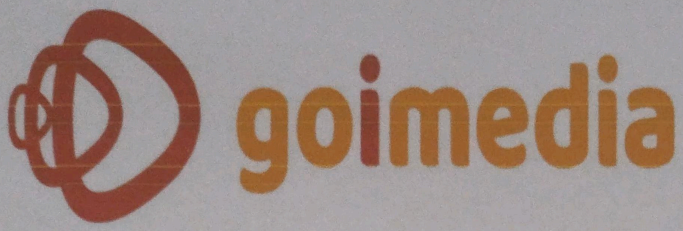
ORGANIZATION PROFILE



Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA .** Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA .** Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA .** Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA .** Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA .** Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA** . Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA .** Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA .** Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA .** Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

ORGANIZATION PROFILE

Go iMedia is a software start-up company based out of Bangalore. Our primary focus is on the products, solutions and services in the area of premium content distribution.

WHAT WE DO

Content distribution is a process of making the content available for viewing by an audience. The content may be exhibited to the public either through a movie theatre or television or personal viewing such as OTT.

'Content is King' as it rules and truly showcases its profitable qualities. However, how the production houses market the content is a major aspect of content distribution. We at Go iMedia understand the complexities in each means of distribution. Our platform combines all the distribution means and enables ease of content distribution to the right target audience.

PRODUCTION HOUSE

- Manage Movie release to distributors
- Release content to OTT
- Secure the content
- Distributor

DISTRIBUTION HOUSE

- Release movie made easy to theatres
- Manage payment terms
- Report the status to production house

THEATRE

- Theatre
- Theatre Inventory
- Employee Management
- Food and Beverage

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA .** Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.

CONCLUSION:

On the whole, this internship was an amazing experience through which, we have gained more knowledge, skills, real time experience in industry environment. And this internship program helps us to had a new experience from Lokeshwaran from, **GO IMEDIA,** in BANGALORE. In a nutshell, this internship has been an excellent and rewarding experience. We can conclude that there have been a lot we learnt from my work at **GO IMEDIA .** Needless to say, the technical aspects of the work we done are not flawless and could be improved provided enough time. In our training session I have learned the basics of JavaScript, Working with JavaScript developing Websites, Database Connectivity, Libraries, Used in JavaScript.
