Message for 2023

As the New Year 2023 has dawned, it is good that we step into another year full of hope and dreams! It is vital to take with us the experiences of the past year(s) for a better way of life ahead, as Janus, the Greek God of the month of January indicates the past and future. The first month of the year, January, is special also for another important reason, namely, it is the month of Don Bosco. On 31st January we celebrate solemnly the Feast of St. John Bosco. Hence, like Don Bosco – our Father and Teacher, we (his daughters and sons) should pledge to carry forward the legacy of great trust in God's providence, hard work and cheerfulness. The Rector Major of the Salesian Congregation Rev. Fr. Angel Fernandez SDB (who represents Do Bosco in our midst) has given us the following new Strenna 2023 (annual motto): "As the YEAST in today's human family – the Lay dimension in the family of Don Bosco." He invites us all to act stealthily like the good yeast in bringing out change and growth for better in our society and families. Shall we all do good acts to help one another and share our resources together silently? Finally, it is our wish and prayer, the new (even) semester that we begin in this month, would bring greater achievement, success and fulfilment. May our patron St. John Bosco always inspire, guide and intercede for us all! HAPPY FEAST OF DON BOSCO! Moreover, as we have begun another new semester, it is good to set our goals high in academics and in extra-curricular activities. Let us achieve excellence, for it is the fruit of persistence and ability. The 'will to excel' is of sterner stuff of the brave! Hence, I wish all of you to excel in this semester to the satisfaction of all! May God bless you abundantly with health and success!
